- New Home Menu
- Samsung LYNK™ REACH 4.0 Compatibility
- Welcome Message, Cloning Mode, Plug & Play

- Engaging welcome channels

LYNK REACH 4.0 allows hotels to use up to four simultaneous Welcome Video Channels that deliver guest details about the facility and promotions. Targeting specific displays in the hotel, such as display in lobbies and restaurants, hotels create an opportunity to increase revenue.

- **Sophisticated hotel amenities**

Samsung's HJ470 series allows hotel operators to deliver a lavish, comfortable guest experience. Compatible with existing coaxial infrastructures, the HJ470 series provides information to hotel management regarding maintenance and service needs, ensuring guests are pleased at all times.

An innovative home menu

An enhanced Home Menu enables hotels to welcome guests with an introductory video along with hotel logos, increasing the hotel's brand awareness. The home menu also features the date, time and commands used often. This cost-efficient solution is customizable and simplifies the display's access.

Seamless coaxial network integration

As a unified, coaxial-compatible content management solution, LYNK REACH 4.0 amplifies service processes and maintains consistent hotel-to-guest interaction. Through the platform's centralized, real-time monitoring, hotel managers can quickly remedy issues across single displays or display groups.
